

SOLIDWORKS: Associate Level Training

Exercises: Let's Start Sketching

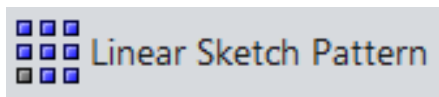

Duplicate the Presented Sketches using SOLIDWORKS

Notes: There is no ONE way to do the sketches. Just make sure all your sketches are fully defined. For some exercises, hints are provided to indicate sketching features that you could consider when making the sketch.

Exercise One:

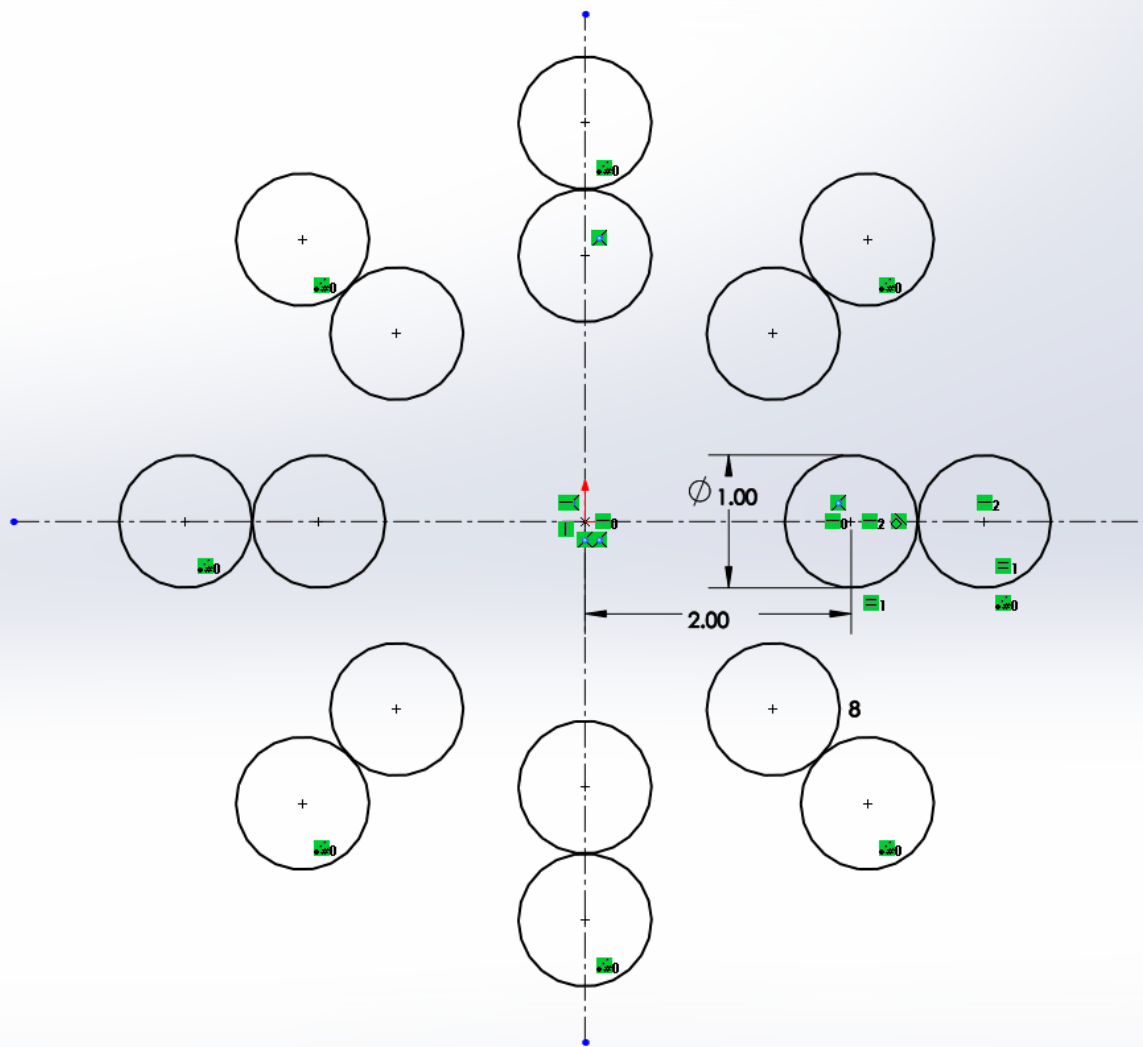

Hint: Use Linear Patterns.

Note: Dimensions in MM.

Exercise Two:

Hint: Use Circular Patter.

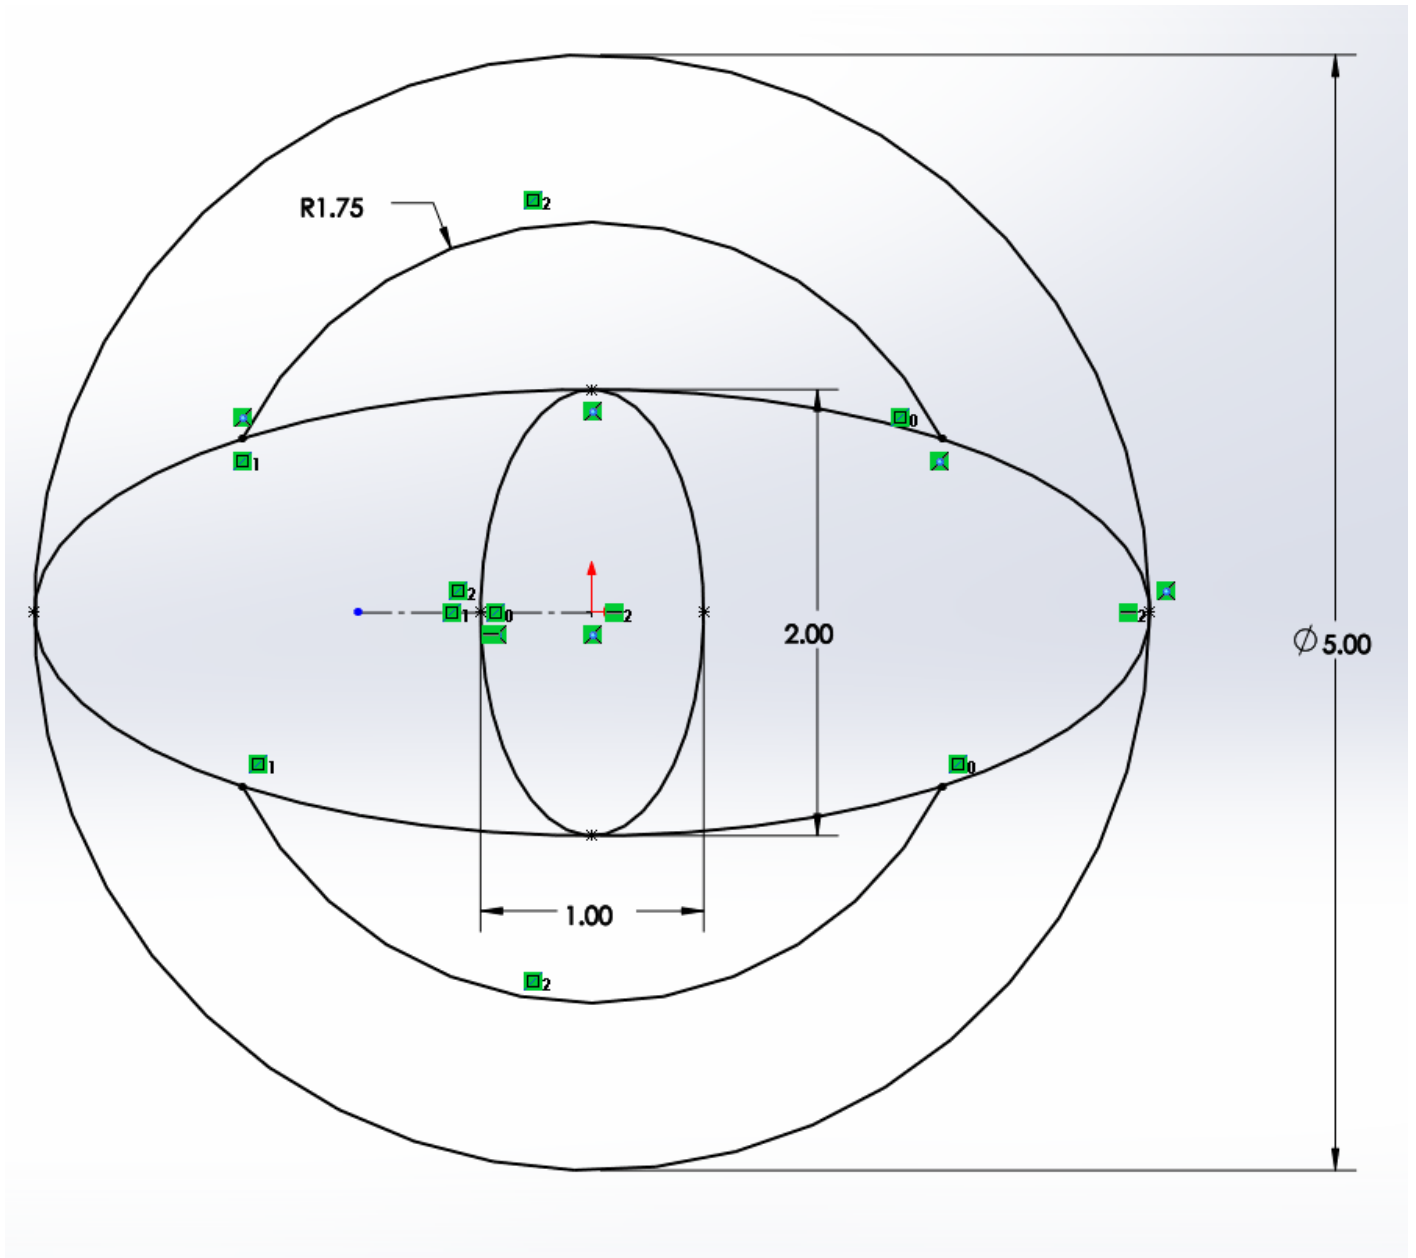

Circular Sketch Pattern

Note: Dimensions in Inches
